

TOWN AND COUNTY NEWS.

Gathered in And Around Town By Our Resident And County Reporters.

Dr. T. E. Peery has gone to Pearisburg, Va., on professional business.

We call attention to the change in the advertisement of Bustin & Sons.

We ask our correspondents to write us items of news. It is news we want.

Mrs. H. E. McWane, of Lynchburg, Va., is visiting her sister, Mrs. A. A. Ferguson.

Mr. Jeff Ward is now clerking for Harrison & Gillespie Bros., and seems to be perfectly at home.

Miss Mayne McColgan, of Norton, who has been visiting Mrs. E. E. Workman, returned home Monday.

Jno. E. Jackson, the druggist, left on Saturday afternoon for New York. He has gone there to buy goods.

Pay your money and take your choice is the way you do about board at Tazewell College—All the way from \$6.50, \$8.00 and \$10.00.

Mr. Robt. L. Hopkins, of Tennessee, and Miss Vicie Rudd, of Thompson Valley, were married in Tazewell yesterday, Rev. W. W. Ruff officiating.

Mr. D. A. Preston and family, of Abingdon, Va., are visiting Mr. Henry Preston and other relatives in Tazewell. Mrs. Preston is a niece of Mr. I. E. Chapman.

Mr. L. C. Wingo, who had gone to the All Healing Springs, in Craig County, for rest and recuperation, has gotten back home with an increased weight of six pounds, and very much benefited in health.

Come to Tazewell College and board at once. Room rent \$1.00 per month. Four boys occupy one room. Stove, bedstead and mattress furnished, you furnish the rest. Write A. A. Ferguson at once.

Among the many attractions which have been provided for the Fair is the Japanese troupe. They will give a forty-five minutes show each day in front of the Grand Stand. This will not doubt attract a great many persons.

Dr. T. E. Peery, the eye, ear, nose and throat specialist, will be at the office of Drs. Gillespie & Hall next Tuesday and Wednesday, where he can be consulted by those who have diseases of those organs.

On Monday afternoon U. S. G. Froe, one of the policemen at Pocahontas, brought a man to town by the name of Jno. Cowell and placed him in jail. He had been arrested at Pocahontas for stabbing another man. Both of the parties are Hungarians.

A thorough Business course conducted by a competent instructor is what you get at Tazewell College.

On last Friday morning Col. Thos. G. Witten went to Clear Fork on business. While returning, about two miles east of town, his horse stumbled and fell with him. The Col. in some way got under the horse and was considerably bruised up. He has been confined to his room ever since.

The communication from our Bear Wallow correspondent came to hand last week after our paper for that week had been printed. It contains what would be old if published now. Once more we urge our correspondents to send in their communications so they will reach us by Tuesday of the week they are to be published.

The law firm of Peery & Higginbotham, composed of Messrs Geo. C. Peery and A. S. Higginbotham, has established its office on the second floor of the Gillespie building, in front of the court house. The firm, we predict, will be successful, as the members are gentlemen of fine capacity and good workers.

Board is the most expensive item in obtaining an education. Tazewell College will help you solve that. Write and ask A. A. Ferguson.

In addition to those we mentioned elsewhere as having gone from the county to college this week were Misses Ida Greener and Ollie Belle Moss, of Burke's Garden. Miss Greener has gone to attend the State Normal College, at Farnville, and Miss Moss to Virginia College at Roanoke. Miss Lizzie Barnes, of the Cove, has gone to Southwest Va. Institute and Miss Eva Tynes to Stonewall Jackson Institute.

Janie Lewis, the three year old daughter of Mr. John Hand and Mrs. Jennie Lewis, died at the home of her parents on last Sunday afternoon at half past twelve o'clock. Her death was occasioned by that terrible disease diphtheria complicated with other troubles. The burial took place yesterday morning at the Peery cemetery near the Fair grounds. We extend our sympathies to the bereaved parents.

Business is business, but if your boy does not take a thorough business course like he can get at Tazewell College he will be poorly qualified in this respect.

A number of young ladies and gentlemen of the town and county have left during the past few days for schools and colleges. Among them we note Misses Olette Harman and Hattie Surface, who have gone to Southwest Va. Institute at Bristol. Misses Maggie Gillespie and India Moore who have gone to Virginia College, at Roanoke. Messrs John Henry Smith, Garnett Smith and Jake Gillespie, who went to the University of Virginia, Oscar George to Emory and Henry, Rob Henry to St. Albans and Wallace Hufford to Roanoke College. There may be others, but we have not gotten their names. We trust all our young friends will have a successful and pleasant term at the respective institutions to which they have gone.

Have you tried our "Leader" Brand of flour? It is nice and gives universal satisfaction when it is used. We are giving our customers 37 lbs. of first-class flour and 13 lbs. of bran and shorts per 60 lbs. of good wheat "all flour guaranteed." Our mill is always running and we are prepared to serve all that may come day or night. Don't forget the premium we are going to give to one of our many customers for the best wheat of the season. A hearty welcome to all.

Yours Very Truly,
Higginbotham & Kirby,
Cedar Bluff, Va.

Meade and majority go together.

The town is being flooded with peaches.

G. G. Kiser, Esq., is able to be out as far as the front porch.

Allan Smythe returned to the city this week, but did not tarry long.

What is the matter with our school? No teacher appointed yet. What's the matter with the school board?

There is whispering and loud talking of a wedding in our town in the near future. Guess we will tell all about it soon.

The "Old Hen" was in our city again yesterday. His trips are entirely too numerous to be just for fun.

The water supply of our town has been so low for the last few days that it begins to look like the people would at last be compelled to make some arrangement for a water supply.

We are wanting rain and wanting it badly, the pastures are burning up, and dusty streets and roads are simply horrible in their dustiness.

May Estill and his bride, as they travel the rough road of life have just enough blessings to keep them as happy and contented as now.

W. B. Spratt, Esq., Tazewell's next representative in the Legislature, passed through the city yesterday on his way through the country to Graham, and Pocahontas, and other point in the East end of the county.

ASH FIELDS
North Tazewell, Sept. 15, 1897.

Matrimonial.

On yesterday afternoon at 2 o'clock Miss Clara E. Whitman, daughter of Mr. W. O. Whitman was married to Mr. John H. Thompson. The ceremony was performed by Rev. I. P. Martin and took place at the residence of the bride's father, one mile east of town. A number of friends and relatives of the contracting parties witnessed the interesting ceremony. They came from all sections of the country. At the appointed time, to the strains of the Wedding March, which was played by Miss Mamie Stone, the bride, preceded by the minister, arranged itself on the front porch of the Whitman dwelling, and with the guests grouped on the lawn as witnesses, the interesting ceremony was performed. The bride was dressed in white and looked charmingly. The groom was dressed in conventional black. The following acted as attendants: Miss Nellie Hufford with Mr. Felix O'Keefe; Miss Pearl Whitman with Mr. Sam Thompson; Miss Jessie Graham with Mr. Robert Moss; Miss Jessie Whitman with Mr. M. Cassell; Miss Edith Whitman with Mr. Will Thompson. Two of the bridesmaids were dressed in white, two in pink and two in lemon colored gowns. They all looked very sweet and pretty. After the ceremony the guests were invited to partake of an elegant dinner. There were a number of beautiful and useful presents given to the bride. The bride party will go to-day to the home of Mr. Rufus Thompson, father of the groom, in Burke's Garden, where a reception will be given.

The affair was one of the most pleasant and enjoyable we have ever attended, and we think all the guests will join us in saying this.

"On'y perry is" is a sure indication that the blood is not pure. Hood's Sarsaparilla purifies the blood and cures nervousness.

REPUBLICAN CONVENTION.

The Republicans of Tazewell, Russell, Buchanan and Dickenson Counties

MEET AT CEDAR BLUFF.

And Nominate Dr. R. C. Meade, of Russell County, as Their Candidate For The Senate.

Pursuant to call the Republican delegates from Tazewell, Russell, Buchanan and Dickenson counties met in convention at Cedar Bluff on Friday, the 10th inst., for the purpose of nominating a candidate for the State Senate for this Senatorial district. All the counties were represented by large delegations. The meeting was held on the lawn of the Blue Sulphur Inn and harmony and determination to win characterized all its proceedings.

The meeting was called to order by Wm. C. Pendleton, who stated that, in view of the fact that all the counties in the district were represented by uncontested delegations, the usual course of electing a temporary organization and appointment of committees would be dispensed with. He placed in nomination for permanent chairman of the meeting Mr. J. H. Stinson, of Buchanan county. Mr. Stinson was unanimously chosen and accepted the honor in some well chosen remarks. On motion Wm. C. Pendleton was made Secretary of the meeting.

The following resolutions were offered and unanimously adopted:

"That we resolved by the Republicans of Tazewell, Russell, Buchanan and Dickenson counties, in Senatorial convention assembled:

"1st, That we hereby re-affirm our devotion to the principles of the National Republican party, and point with pride to the administration of President McKinley, it being the first administration that in so short a time has made good its pledges to the people:

"2nd, That we denounce the unjust and partisan election laws enacted by the Democratic party for the purpose of defrauding honest men of their most sacred right of citizenship—the right to vote as they desire—and which that party in its State platform and platform adopted by the Senatorial convention for this district has failed to express any purpose of correcting.

"3rd, That we favor an economical administration of our State government, which the Democratic party periodically promises the people but never gives to them."

The chairman declared that nominations were in order and a call of the counties was made. Buchanan and Dickenson announced that they had no names to present to the meeting. When Russell was called the Hon. Wm. J. Dickenson, of that county stepped to the front and in an excellent speech, nominated Dr. Robert C. Meade, of Russell. He spoke in high terms of the character and standing of Dr. Meade, and in the most complimentary terms of the gentleman's handsome person, as well as of his intelligence and loyalty to party. At the conclusion of Mr. Dickenson's speech, Tazewell county was called and Col. J. S. Browning came forward and in the name of the county seconded the nomination of Dr. Meade, pledging him the united support of Tazewell Republicans. There being no other names before the convention, on motion of Wm. C. Pendleton, Dr. Meade was nominated by acclamation. In response to calls the nominee came to the front and in a most graceful manner accepted the honor that had been conferred upon him. He promised to make a thorough canvass of the district, and announced his willingness to meet his opponent, Mr. St. Clair, on the stump. Dr. Meade made a most favorable impression upon the convention, and we have no doubt will be equally popular among the people.

Back From California.

Col. A. J. May, Mrs. May and Mr. Ed Spotts got back from their trip to California last week. They had been gone in all five weeks. The Colonel has been very much benefited in health and enjoyed the trip considerably notwithstanding the hot weather that prevailed during the entire journey. He had been in California before, having spent about three years in the mining camps, in 1851-2-3. The Col. had been anxious and curious to know what changes had taken place in those localities where he had spent three years of his early life. He went to Sacramento City where he spent a few days. Then he went up Sacramento Valley 150 miles to Reading and from there visited Shasta City and other places where he had been and mined in the fifties. Change had taken place in everything, except the mountains and streams, to such an extent as to almost make the country unrecognizable by him. Mining was still going on by a few white men and Chinamen, the old fashioned methods being used, with picks, pans, rockers, sluices and Long Toms. The country had been dug up and over so often that it was all broken up and strange. From Reading City the travelers went east 70 miles to Placerville, thence back to Sacramento, and thence to southern part of the State, Los Angeles, San Diego and San Fe being visited in succession.

The return trip was made over the Southern Pacific Railroad, by way of El Paso, Fort Worth, Kansas City and Chicago. The party stopped in Indiana and spent a week. Col. May tells us he met only three persons in California he had known before. They were W. T. Baltimore, Robert J. Smith and Peir J. Layne. The last named gentlemen is a nephew of Col. May. The other two are patriots of Tazewell County. Mr. Smith is a first cousin of the editor of the REPUBLICAN.

While Col. May was greatly impressed with the Pacific coast and the great West he has evidently concluded that Tazewell county is as good a place to live as can be found on the continent and no mountain is as beautiful as Rich Mountain. He is also impressed with the idea that our town needs stirring up and the awakening of a more progressive spirit among its citizens.

Circuit Court.

Judge Jackson returned to Tazewell last Friday and opened circuit court pursuant to adjournment. The trial of the case of J. W. Chapman, receiver, &c vs. Va. Real Estate Investment Co., was begun that day and concluded on Saturday. The jury returned a verdict for the defendant. At the Spring term of the court the same case was tried and the jury found for the plaintiff, but the court set aside the verdict and granted the defendant a new trial. There were no other cases to be tried and Judge Jackson on Saturday adjourned his court for the term.

A Cure for Bilious Colic.

For Carrying Bicycles

The Norfolk and Western Railway has equipped some of its baggage cars to carry bicycles. An arrangement of safety bars and hooks for supporting the bicycles at the top of the cars out of the way of other baggage.

In loading bicycles they are inverted and the holders in the center of the car roof are hooked into the rims of the two wheels. The frame of the bicycle is then tilted up toward the side decks, the strap being wrapped a few times around the hook, thus holding the wheel in place.—St. Louis Globe Democrat, July 6, 1897.

Without waiting for the entire equipment of its cars, the Norfolk & Western Railway will, commencing September 15th, 1897, check bicycles, when accompanied by owner holding proper transportation, as baggage, making charge for same only in case the passenger has more than one hundred and fifty pounds of baggage, including the bicycle, whether crated or not.

This is practically free transportation, as but few wheelmen going on their usual trips take with them any extra weight. This arrangement applies all over lines of this railway in Virginia, Maryland, West Virginia, North Carolina and Ohio.

The Republicans of Montgomery county and the city of Radford have nominated Capt. E. F. Gill to represent them in the House of Delegates. Capt. Gill resides at Radford and is a member of the city council.

GREAT TRADE REVIVAL.

Nearly Half a Million More Men at Work Now

THAN THE LAST YEAR.

This Advances the Price of Farm Products.

"Business grows better in all ways, for while its speculative end breaks conspicuously the gambling for a decline, the working force and the power of the people to purchase are features which overshadow all others.

Reports from the trades union of New York city show an increase since a year ago of 34 per cent. in the number of men now working. Similar increases among men in like positions throughout the country exceed 340,000, while every week adds many establishments to the active list.

The present condition of the miners strike discloses the fact that work will shortly be resumed by a large number of strikers.

Farmers are helped by the higher prices for their wheat crop, though they have not yet marketed one tenth of their crop. The assurance of handsome profits will prepare them to buy liberally hereafter. Because of the above facts the dealers throughout the country have started to replenish their stocks, which is a great force at present operating to revive manufactures and trade through distribution.

Failures for the week were 215 against 315 for the same week last year."

Harder to Please Than We Used To Be.

Yes we are; we won't be satisfied with just "any old thing" as we used to. Before we buy any goods to sell in our stores, we just investigate them 'till we know they are correct in style, quality, etc. Why, we sent to New York two months ago to get the Parisian Color Card of this Fall Colors, paid one dollar for this seemingly insignificant information, but these small details carefully looked after as we do, is why our business grows and grows.

You can see this Color Card in our store and compare the colorings with those of our stock of Fall Dress Goods and see if we have not the very latest styles. Read the Delinater some too, before you come, then you can tell better if we are not correct. We have over one hundred pieces of new Woolen Dress Goods.
